- **CRM & Data:** Salesforce Reports & Dashboards, Data Modeling, ETL Checks, Data Quality
- **Analytics:** KPI Tracking, Forecasting, Trend Analysis, Process Improvement, Six Sigma/RCA
- **Professional:** Stakeholder Management, Remote Collaboration, Team Leadership

EXPERIENCE

Data Analyst

Sep 2024 – Sep 2026

Lisinski Law Firm, Ohio, USA (Remote)

- Built Salesforce and Power BI dashboards to track daily performance for legal and operations teams.
- Wrote SQL queries in SSMS using joins, CTEs and window functions to build clean datasets for reporting.
- Cleaned and transformed data in Power Query and set up scheduled refresh to keep dashboards up to date.
- Created 25+ run charts in Power BI with DAX measures to track trends and forecast capacity.
- Built forecasting and planning reports to compare planned vs actual output.
- Worked with teams to define KPIs and set up data checks to keep reports accurate.

Lead Data Analyst (Control Tower)

Mar 2023 – Sep 2024

Shadowfax Technologies Ltd., Bengaluru

- Led a team of 8 analysts on supply chain data across 53+ centers and improved KPI performance from 60% to 94%.
- Built real-time dashboards in Metabase and Power BI to track daily operations.
- Wrote complex SQL queries (joins, subqueries, window functions) and validation checks to improve data accuracy.
- Automated regular reports to reduce manual work for the team.
- Built SQL-based performance tracking for clients like Samsung, Zomato, Realme, Ajio and HUL.
- Analyzed long-haul routes and costs, which helped reduce transport expenses.

Operations Data Analyst

Apr 2022 – Mar 2023

Tata Motors, Pune

- Analyzed truck production data using Six Sigma, RCA and Fishbone methods to find and fix issues.
- Built models to track errors and reduce production defects.
- Created reports and dashboards for teams to monitor KPIs and trends.

Operations Data Analyst

Feb 2019 – Mar 2020

Biker Pride, Bhopal

- Analyzed parts stock data using advanced Excel (pivot tables, formulas).
- Built Excel dashboards to track production and improve reporting.

Junior Engineer

Mar 2018 – Feb 2019

Scientia Designs, Bhopal

- Built Excel trackers to monitor errors in CAD drawings and reduce production errors.

EDUCATION

MBA in Finance – CRIM, Bhopal

Bachelor of Engineering Technology (Automobile Engineering) – University Institute of Technology, Bhopal
